

## Year 4/5 RE: Christianity – What kind of world did Jesus want?

### Why are we learning about Christianity

We are **building on our previous learning** about Christians' interpretation of the story of Creation and the concept of God as the forgiving father. We are also building on our learning about 'The People of God' including the story of Noah.

**This new learning is important because** Christian beliefs have helped shape the development of the UK and the values that it holds dear. By learning about the kind of world Jesus wanted, we can develop our understanding of how Christians try to follow Jesus. We can also explore how the Gospel links with the importance of love and kindness in our world today.

**This will help us get ready for future learning** about making connections between the Kingdom of God according to the Bible and people's beliefs about following God today and exploring the idea of Jesus as a Messiah.

### Important questions to answer:

- What do Christians learn from the story of the calling of the first disciples (Matthew 4:18 – 22)?
- What is the role of the church and the church leader in our local community?
- What kind of world did Jesus want?
- How do parables help Christians follow Jesus?
- What actions could Christians take in school or at work to follow Jesus?

### Experiences we will have:

- Invite Reverend Jo to join us for a discussion about her role
- To illustrate the ways in which Christians can follow Jesus in their everyday lives.

### Things we need to know:

- To know that parables are stories with hidden meaning which suggest how a person should behave
