

# Oak Class Spring Term 1 2023

## Science

### Animals including Humans

### Key Questions:

- Do all animal offspring look like their adult when they are born?
- What is a life cycle?
- What are the differences in the stages of the human life cycle?
- What do animals, including humans, need to survive?
- What are the effects of exercise on the human body?
- Why are healthy eating and hygiene important?

**Vocabulary:** adult, develop, life cycle, offspring, young, live young, diet, exercise, germs, hygiene, nutrition

**Global Citizenship Links:** Self-awareness and reflection; Respect for people and human rights

### Key Concepts:

- notice that animals, including humans, have offspring which grow into adults
- find out about and describe the basic needs of animals, including humans, for survival (water, food and air)
- describe the importance for humans of exercise, eating the right amounts of different types of food, and hygiene

### Working Scientifically:

- using their observations and ideas to suggest answers to questions
- gathering and recording data to help in answering questions.
