

Science Seasonal Changes

Oak Class Autumn 2 2023

Key Concepts:

- Observe changes across the 4 seasons
- Observe and describe weather associated with the seasons and how day length varies, gathering and recording data to help in answering questions

Working Scientifically:

- Gathering and recording data to help in answering questions.

Key Questions:

- How can I show the changing of the seasons?
- What questions can I ask about the weather?
- What data will I need to collect in order to answer my questions?
- What does my data tell me about the weather?
- How could I set up my experiment differently?
- What is the weather like around the world today?

Vocabulary: seasons, Autumn, Winter, Spring, Summer, weather, temperature, observe, record, data, rain, sunshine, experiment, daylight, question, predict, collect

Global Citizenship: Concern for the environment and commitment to sustainable development
